GPS Coordinates—Start (optional):	
GPS Coordinates—End (optional):	
Reported observations represent:	
<input type="checkbox"/> One or a few of the species seen or heard <input type="checkbox"/> All seen or heard	
Ability of observer (or group) to identify wildlife in the park:	
<input type="checkbox"/> Beginner (know <50%) <input type="checkbox"/> Fair (know 50-75%) <input type="checkbox"/> Good (know 76-96%) <input type="checkbox"/> Excellent (know >95%)	
Instructions	
The list represents wildlife species previously reported in the park. Difficult to detect mammals were excluded, but should still be reported if observed. Please check off wildlife that you have seen or heard during your visit. Signs of confirmed breeding (e.g., carrying food, nest building) can be reported in the notes. If a species was not seen or heard, but other signs were detected (e.g., scat, tracks, vacant nests), please do not check off the species. Instead, report your observations in the notes.	
You can help the Glenbow Ranch Park Foundation monitor wildlife in the park by reporting your observations using a quick online form available at www.grpf.ca/checklists	
The hand-written form can also be dropped off at the Visitor Centre, or mailed to:	
Glenbow Ranch Park Foundation Wildlife Survey 255001 Glenbow Road Cochrane, AB T4C 0B7
